GREENE, RHODE ISLAND

February 17, 1961

Dear Friends:

One morning a minty aroma filled the air. "H'mm," we uttered, "how wonderful! . . . it even makes you sit up straighter." "We merely tossed a sprig of spearmint into the Rose Hip tea," one of us said, "it does away with flatulence." The next day at a garden club valentine party, everyone wore a rosemary tussy mussy, and sipped Rose Hip Mint tea, with thin heart cookies made with Thousand Island honey and cardamom seed. Mint symbolizes refreshment, and Rosemary is for remembrance.

Four days before the best blizzard in 57 years, Laven-der, Horehound, and Sylvia the 2nd arrived at Rose-mary's "door." The outside temperature was 25° . . . below. Triplets are not the usual thing in goats, any more than in humans. Twice a day Rosie ate a big bowl of bran flakes and Comfrey, with a little Parsley,

omr

Sage, and Watercress sprinkled on the top. Comfrey is "knitbone," and before drugstore days, it was a common remedy for bone ailments, strained muscles, and scours. Its long, fish-shaped leaves, dipt in egg batter, and simmered in soy oil, make an excellent fish dinner, served with Comfrey salad and Comfrey tea. (But please don't overdo the Comfrey.)

As we snowshoe over "The Great White Expanse" we think of Greene's May Fair next May 13th, and visualize green grass, blue sky, pink apple blossoms, white clouds, and friends, walking down the pasture path to Watercress Brook. We wonder how much we must eat to accomplish the ancient Greek adage, "Eat Cress and grow wit." They say Watercress is a natural antibiotic and blood purifier. Even so, we like Watercress soup, Watercress salad, and Watercress tea. (But sometimes we overdo it.)

If you would like to know what the Wind and the Snow did to our hills and valleys on the 4th and 5th of February, turn to the 40th chapter in the book of Isaiah, and ponder over the 3rd and 4th verses. May your days be full of good things, including Rose Hip Mint tea, Comfrey fish, and Watercress salad. With expectancy, we hope to see you in Greene, May 13th, whatever the weather.

MITTIE ARNOLD, MARGARET THOMAS, AND "FAMILY"

P. S. — Greene is located 27 miles southwest of Providence, 27 miles north of Westerly, 6 miles east of the Connecticut line, 72 miles from Boston or Hartford, 187 miles from New York City, 1492 miles from Minneapolis, and 5016 miles from Honolulu. From Boston take Route 9, then left on 16, then left on 122, and join 146, then right on 102, then right on 117 to Greene. From Providence take Route 6 west to North Scituate Police Barracks, then 1st left onto Rockland Road, then join Route 102, turn right onto 117 to Greene. From nearby Connecticut points, take Route 14, turn right on 117 to Greene. From the Village of Greene, follow the arrow opposite the Fire Station, cross the railroad tracks, (trains run twice a week,) pass the Greene Public Library and the Community Church beside the woods, turn left at the little old one-room school house, look for a great white boulder beside a tall pine tree, and a sign shaped like a mortar and pestle, and there you are. (For further information telephone us — EXpress 7-3652, or EXpress 7-4394.)

VISITING HOURS — The Gardens and Greenhouse are Open every afternoon from 1:00 to 5:00 O'clock. Mornings are full to overflowing with farm chores and routine work. Please plan your visits within the hours of 1:00 to 5:00 P.M.

	Box of 108 wedges (S. W. 2 $\frac{1}{2}$)	2.75
Made with fresh eggs, fresh milk, bourbon vanilla bean, and almonds, these delicious wafers are nice with any dessert or afternoon tea.		
CATNIP	(mailing 3c)	.25
Enough clean green catnip for many cups of tea; also enough to keep "Kitty" happy a long time.		
CHEF'S DELIGHT SOUP BAGS	2 boxes	1.00
	(S. W. 1 $\frac{1}{2}$)	
Our most popular product. A blend of 7 herbs, packaged like a tea bag, ready to toss into soup, stew, or salad for that final touch. "I find they are indispensable in making a good stew," writes a friend from Hartford.		

GREENE HERB GARDENS

PRICE LIST

HEART'S DELIGHT 2 Jars, postpaid100
A blend of herbs made especially for a "mended heart" friend on a low salt diet. Parsley, the herb of the heart, is the main ingredient, with just enough basil, marjoram, thyme and 3 other herbs to make "no salt" salads and other dishes taste better than ever. "Excellent as an herb tea," writes a Minnesota consumer.	
GOLDEN ACRES READY TO EAT CEREAL85
(16 oz. pkg. S. W. 2 $\frac{1}{2}$)	
Ingredients: Whole wheat and oat flour, corn meal, soy oil, yeast and honey. Looks like dog biscuits. Tastes like more and more. Serve it for supper with goat milk!	
GOLDEN ACRES CRANBERRY BREAKFAST PRESERVE85
(12 oz Jar S. W. 2 $\frac{1}{2}$)	
Contains cranberries and honey. Better than most oranges for breakfast, chicken dinner, or supper.	
GOLDEN ACRES TOMATO RELISH75
(12 oz. Jar S. W. 2 $\frac{1}{2}$)	
Contains tomatoes, onions, sweet peppers, and herbs	
This is really delicious.	
HERB SYMBOL PENCILS — Set of 1060
Each one different, such as Rue for Grace, Rosemary for Remembrance, Balm for Sympathy, Borage for Courage. They make nice little gifts, too.	
HONEY. . . . Nectar of the Gods	
Honey is the only unmanufactured, unrefined sweet available in quantity. Aristotle called it dew distilled from the stars and the rainbow.	
Thousand Island Honey is a light, delicate upstate New York honey, unrefined and unfiltered; comes packed as follows:	
1. 2 oz. "Elfin Gold," honey comb — (S. W. 1/4 $\frac{1}{2}$)25
2. 8 oz. Jar — S. W. 1 $\frac{1}{2}$35

— METHOD OF FARMING —

In 1946, a Rhode Island physician visited our gardens and asked to see our compost piles. We didn't have any compost piles to show him. He introduced us to the bio-dynamic method of farming. Since then we have practiced natural farming, and our goal has been, "Return more to the land than you reap. Maintain a good balance of nature."

Poisonous sprays, insecticides, and minerals treated with sulphuric acid are taboo. Tons of animal manures are spread on the land. Household garbage, garden and lawn trimmings, old hay, are composted and returned to the land. Slow acting minerals such as ground limestone, phosphate rock, greensand, granite meal are used in composting soil.

SHIPPING INFORMATION

PLANTS —

From May through September, plants are shipped the first of each week via Parcel Post Special Delivery. The listed price is for the minimum size in 3" pots. Please add a sufficient amount for postage and packing, as follows:

\$1.00 for 1 to 3 plants.

\$1.50 for 4 to 6 plants.

Due to quarantine regulations, plants shipped outside the Japanese Beetle area must have all soil removed from the roots.

PRODUCTS —

The shipping weight (S.W.) after each item refers to the weight of the package when packed. Use the schedule herewith to figure your mailing cost, and add the sum to the amount of your order. Do not ask to send C.O.D. or Charge. Whenever possible, come to the gardens for your Herbs. You will save the postage as well as enjoy the country air.

— PARCEL POST RATE —

Packages weighing from 1 to 15 Ounces are mailed 3rd Class rate, e.g.
1½c per ounce.

Packages weighing a fraction over the weight shown below, take the next higher rate.
